

Simon is Back!

What a pleasant surprise as Simon walked down the stairs to our meeting. It is great to see him as it's been a while and he's been missed! Welcome Back!

Historical Pictures of Polio Victims

TRIVIA

An extremely enjoyable night as Rick Benson updated us on Rotary's effort to eradicate Polio. We are down to 10 cases reported and we have to have three years of ZERO cases before we can say Polio has been eradicated. Cliff found a topic we loved ... sports, not that we knew all the answers. And we were able to watch Brittany give her sister the back of her hand. As Brittany said, they fought a lot and continue today! (OK it's fake news but I had to use the picture)

What We Do Does Matter

Last month Robert arranged for us to participate in a four time matching event for Ending Polio. Tonight Rick Benson presented our Club with the Paul Harris Fellows that were earned based on our participation in that program. Ken posted on Facebook his award which I copied as an example of what everyone received. Joel, Ken and Marja received their first Paul Harris Fellows, Dick and Joe E their third and Robert his fifth! **CONGRATULATIONS TO THESE PAUL HARRIS FELLOWS!**

Tommy James

Polio will be only the 2nd disease in history to be eradicated. We will make a major impact in the fight to End Polio Now! On April 13th we will have an **End Polio Now** concert at the Ridgefield Playhouse featuring Tommy James & The Shondells. The profits we make from this event will be matched 2 for 1 by the Bill & Melinda Gates foundation as their part in the fight against Polio.
